Waiver of Hearing to Modify Conditions  
of Supervised Release or Extend Term of Supervision

**UNITED STATES DISTRICT COURT  
for the  
NORTHERN DISTRICT OF NEW YORK**

I have been advised and understand that I am entitled by law to a hearing and assistance of counsel before any unfavorable change may be made in my conditions of Supervised Release or my period of supervision being extended. By 'assistance of counsel,' I understand that I have a right to be represented at the hearing by counsel of my own choosing if I am able to retain counsel. I also understand that I have the right to request the Court to appoint counsel to represent me at such hearing at no cost to myself if I am not able to retain counsel of my own choosing.

I hereby voluntarily waive my statutory right to a hearing and to assistance of counsel. **I am fully aware this is only a proposal to the Court and it is in no way binding upon the Court. The Court has the discretion to order a hearing which could result in a different sanction being imposed.** I agree to the following modification of my Conditions of Supervised Release or to the proposed extension of my term of supervision:

1. You must not use or possess any computer, data storage device or any internet capable device unless you participate in the Computer and Internet Monitoring Program (CIMP), or unless authorized by the Court or the U.S. Probation Office. If placed in the CIMP you will comply with all of the rules of the program and pay the costs associated with the program. The U.S. Probation Office may use and/or install any hardware or software system that is needed to monitor your use of a computer or internet capable device. You must permit the U.S. Probation Office to conduct periodic, unannounced examinations of any computer equipment, including any data storage device, and internet capable device you use or possess. This equipment may be removed by the U.S. Probation Office or their designee for a more thorough examination. You may be limited to possessing one personal internet capable device, to facilitate the U.S. Probation Office's ability to effectively monitor your internet related activities.
